PHILCAMSAT to offer Crisis Management Course for Passenger Ships

The Maritime Industry Authority (MARINA) Manpower Development Services (MDS) conducted an inspection and verification visit on PHILCAMSAT last October 5, 2022. The inspection was meant to assess the Center's training and assessment competencies to offer the course on "Crowd and Crisis Management for Personnel Serving onboard Domestic Roro/Cargo/Passenger Ships" pursuant to Memorandum Circular MD-2020-05. Through the course, the Center hopes to help strengthen the proficiency of Filipino global maritime professionals in dealing with passengers and big crowds in emergency situations onboard ships to ensure passenger safety and cargo safety.
